

FEB 2009

Letter of Reference for John Hamilton:

John Hamilton built our home during the summer and fall of 2008. He and his crew completed all the work except for the foundation, drywall finish, electrical and plumbing. We were immensely pleased with the quality of his work, attention to detail, attentiveness to our concerns and timeliness. He and his crew worked full work weeks and hours; we never had to worry that he wouldn't be at the work site keeping to the schedule.

John also showed great concern about our budget, using materials to the fullest and suggesting practical cost-cutting measures. We were very pleased when he suggested an alternative design for our bookcases that saved us more than \$6000 dollars!

We are very happy to be living in our new home and John continues to be attentive to the little inevitable adjustments here and there that new construction requires. In the future, we will hire John for all our work without reservation.

Feel free to contact us and come see out house!

Sincerely,

Tim Eisele and Sandra Hubscher
